

Join us for the event at the heart of the UK Apple industry

The MacUser Awards

Since 1985, MacUser has been the magazine trusted by the UK Apple industry for its impartial reporting and reviews. Our Awards reflect the very best products for Mac and iOS users – the finest of the industry's output over the past 12 months.

To guarantee the most informed and relevant choices, the Awards shortlist is drawn up by MacUser's panel of experts – not just journalists, but a cross-section of professional practitioners who demand the best products and rely on them every day.

But the ultimate decisions are made by the MacUser audience, who vote in their thousands every year, ensuring that the prestigious Awards reflect both in-depth, hands-on knowledge of every product area and the real-world experience of users at all levels. Our readers – your customers – have the final say.

Don't miss out on the night!

Whether you're there to win, to network, to relax with friends and colleagues, or all of the above, the MacUser Awards is always a night to remember.

- ★ Champagne reception
- ★ Sumptuous three-course dinner
- ★ Celebrity host
- ★ Awards presentation
- ★ Post-Awards bar and dancing
